

Serenje Orphans Children's Home

NOVEMBER, 2012 MONTHLY REPORT

03/12/12

Introduction

The year is now clocking to an end when many activities are getting retired. Children have gone home for a holiday and are expected to come back on 13th January, 2013. Despite the holiday, other activities are still in progress, especially capital item activities.

Bounce Back Party

SOCH realised that there are some things orphans miss in there life. Many orphans do not celebrate their birth days, Christmas eve and New year. It is from this reason that a party was organised on the closing day to allow children celebrate as related to what they miss. A Bounce back party, is a party that was set to be a general celebration day party where belated birth days, Christmas and new year can be celebrated at once. The board and the government were represented on the day. Children were happy and performed different entertainment activities.

Very happy and healthy children

Chicken Run and livestock

A chicken run and ducks are on plan that they get reared at orphanage. Manure will be used in garden and the fish pond whilst all other products shall be consumed by the children and extras be sold. The chicken shelter is being constructed and stocking is expected in January.

Insaka Shelter Repair

The cool shed shelter is now being repaired. New grass will be put to the shelter within the month of December.

Insaka repairing in progress

Reading Skills and Sewing Skills

The reading program continued in the month of November. It is expected to resume in January when the orphanage opens. Children also continued sewing and making some door mats. Most of the children have learned and are doing great.

Skills continued

Child Health

There has been also continuous health check and treatment where necessary for the children. The matron does good care of the children in health need.

Matron immediately treating wound to burned leg of new child. Wound hart before joining orphanage.

Conclusion

This is so far the update of what transpires at the orphanage as latest as possible. Another report will be due January when the orphanage is opened. SOCH wishes all the best to all during Christmas eve and newyear.
